

## Paintings on each page

We have held the "EBARA Group Worldwide Kid's Environmental Painting Exhibition" annually since 1998 to have children understand the beauty and importance of wild nature.

We receive the messages implied in their paintings, hoping that the environment that children see will be rich and beautiful forever, and we implement activities while renewing our determination to protect the environment.

## Front cover

Affluent society supported by  
monozukuri (manufacturing) and  
People's smiles

The EBARA Group's products and services, though not in the limelight, support society, industry and your life.

We consider it our mission to contribute behind the scenes to the building of an affluent and comfortable society in order to continue to push forward with business activities toward supporting the smiles of people living there. The cover design is an expression of this will of ours.
